## **ABOUT**

Founded in 1919 by a group of farmers, ranchers, veterinarians, rural doctors, shopkeepers and tradesmen, the Colorado Farm Bureau sought to protect and preserve the Colorado Way of Life. To solve the problem of lack of insurance coverage, our members came together and created the Colorado Farm Bureau Insurance company in 1950 as a benefit to Colorado Farm Bureau Federation members.

## **POLICY**

Colorado Farm Bureau is grassroots-oriented, and policy is developed from the opinions and values of its members. Every member has an opportunity to weigh in with his/her thoughts for improving opportunities for farms and ranches as well as rural Colorado.
